

GRAINMASTER® SILOS

1200 Series Silos

	MODEL	CAPACITY (m3)	TONNES *	DIAM (m)	OVERALL HEIGHT (m)	AUGER LGTH (ft) **
30° CONE BASE SILO	1201	19.4	16.16	3.7	3.75	22
	1201.5	25.3	21.07	3.7	4.31	25
	1202	31.4	26.16	3.7	4.9	29
	1202.5	37.4	31.15	3.7	5.44	32
	1203	43.4	36.15	3.7	6.11	35
	1203.5	49.4	41.15	3.7	6.59	38
	1204	55.4	46.15	3.7	7.15	41
	1204.5	61.4	51.15	3.7	7.72	45
	1205	67.4	56.14	3.7	8.29	48
35° CONE BASE SILO	1201	20.1	16.74	3.7	3.92	23
	1201.5	26.1	21.74	3.7	4.5	26
	1202	32.1	26.74	3.7	5.1	30
	1202.5	38.1	31.74	3.7	5.63	33
	1203	44.1	36.74	3.7	6.2	36
	1203.5	50.1	41.73	3.7	6.77	39
	1204	56.1	46.73	3.7	7.35	43
	1204.5	62.1	51.73	3.7	7.91	46
	1205	68.1	56.73	3.7	8.48	49

* Tonnes based on wheat density of 833kg/m³

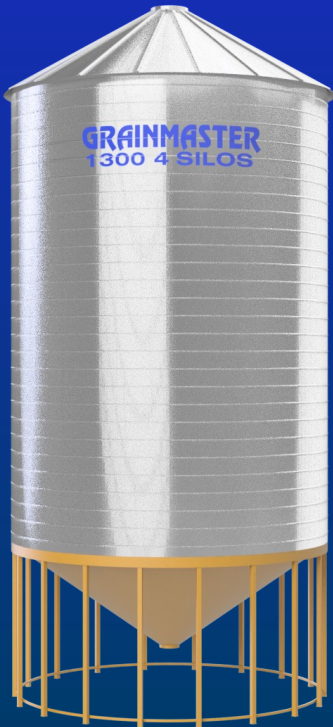

** Length of auger based on a lift angle of 35 degrees

Grainmaster Silos has been manufacturing a variety of different storage solutions, servicing a number of industries worldwide, collectively for over 125 years.

Grainmaster Silos incorporate a large range of conical-based silos in capacities from 5 tonnes through to 300 tonnes for both on-farm and commercial applications.

There are also flat-bottom silos available with capacities up to 6000 tonnes.

The complete Grainmaster product range can be manufactured from mild steel, galvanized sheet and coil, stainless steel, aluminium or colorbond, to ensure the best results for the product being stored.
